

## Toolpad Shortcuts – My Courses Plus module

In the 'My Courses Plus' module on the My Institution dashboard, there is a 'toolpad' icon to the left of each course:

When the toolpad icon is clicked, several other icons appear which provide shortcuts to various tools in that particular Blackboard course:

Note: Students also have a toolpad icon with student access to the various tools. (They do not have the icons to access to the grade center or make the course available.)
