URGENT: Adobe Connect required restarts after midnight tonight (5/16/17)
Connect Administrator posted on May 16, 2017

As part of the ongoing efforts to mitigate the recent ransomware attacks, IT@JH may be required to restart our servers this evening. We are currently scheduling the restart after midnight tonight (5/16/17). This will disconnect any meetings in session at the time, and require you to reconnect. We apologize for the short notice and inconvenience this may cause.
